VOLUME 9. MARYVILLE, MISSOURI, WEDNESDAY, JULY 17, 1918 NO. 38.

AT S.S. CONFERENCE

MISS EVA DAVIS TELLS OF MEETING AT LAKE GENEVA, WIS.

300 STUDENTS THERE

They Came From All Parts of the Country to the International Sunday School Association.

Women of this city and county have a larger opportunity than ever to serve their country through Sunday School leadership, in the opinion of Miss Eva Davis, secretary of the county Sunday School Association, who has just returned from a conference of ten days at Conference Point, Williams Bay, Wis. Miss Davis was sent by the county association.

Miss Davis was a student at the training school for Sunday School leaders conducted by the International Sunday School Association on the shores of Lake Geneva every summer. In spite of the war and increased railway fare, the attendance was practically as large as last year, nearly 300. War has taken many men from state and county Sunday School positions and women must be found to take their places.

According to the local delegate there are enlarging opportunities to lead the various divisions of Sunday School work, and it is hoped that next years others from this vicinity will be at the training school.

This school is said by those in charge to be the only institution of the sort in the world, and although it has been in operation only seven years, it has had, in the opinion of local experts, a large influence on the advance and efficiency of Bible teaching. The students came from all parts of the country, including Canada and Cuba. Missouri leads with a delegation of 60 members. The faculty comprised forty men and women known widely as experts in the various lines they taught. The school, the ground for which has recently been enlarged, is in charge of W. C. Pearce of the International Sunday School Association. Some of the most delightful features of the school were the Hillside Vesper Services conducted by Marion Lawrence, General Secretary of the International Sunday School Association, and the lectures on Religious Educational Movements by Prof. Warmingham of the Religious Educational Dept. of the Boston University, as were the lectures on the Bible given by Prof. M. A. Honline, Litt. D. of the Dept. of Religious Education of the Bonebroke Theological Seminary, Dayton, Ohio, and Educational Secretary of the International Sunday School Association and the crowning event in the series of lectures on Hymnology and Pageantry was the Pageant given on Saturday evening, July 13, under thedirection of Prof. and Mrs. H. Augustine Smith of the Dept. of Religious Education of the Boston University. They were assisted in the giving of the Pageant by a chorus of 75 selected voices. It is expected that Prof. Warmingham, Prof. Honline and Prof. H. Augustine Smith will attend the Missouri State Convention which will be held in November at Kansas City.

Plans were discussed at Conference Point whereby children in any community may be given regular religious instruction during week days in buildings other than school buildings. The holding of community classes for the training of Bible teachers was also stressed.

Mr. and Mrs. Paul Lewis of St. Joseph are visiting in Hopkins with Mr. Lewis' parents, Mr. and Mrs. Charles Lewis. Mr. Lewis is employed by the street railway company of St. Joseph.

DEATH OF HENRY GOODSON

Young Man Was to Go to Jefferson Barracks Today With Quota from Here—Called Three Times.

Henry A. Goodson, youngest son of Mr. and Mrs. James J. Goodson, of Graham, died at 3:15 o'clock this morning at his home. Mr. Goodson, who was ill with the measles last October, contracted a severe cold, which settled on his lungs and resulted in his death. Had he lived until August 1, he would have been 23 years old. He is survived by his parents, three brothers, Sam Goodson, of St. Joseph; John Goodson, of Pheonix, Ariz., and Fred Goodson, at home, and one sister, Mrs. Ferris Taylor, of California.

Mr. Goodson registered for the draft army on June 5, 1917, and was called to go with a quota, which leaves Maryville today for Jefferson Barracks.

This was the third time he had been called for service, but was unable to go owing to his ill-health.

Funeral services will be held at 2 o'clock tomorrow afternoon at the residence, Rev. McFee, of Maitland, officiating. Burial will be in the Graham cemetery.

NEW HARMONY BUILDING

Arrangements Made for a New School Building South of Harmony Church to Be Ready September 1.

The Harmony community at a meeting held last evening at the Harmony church, made arrangements for the building of a school house, south of the Harmony church. The school building will be a frame structure and will contain three rooms besides a basement. The cost of the building will be $2,000.

Preliminary arrangements for the financing of the new building were made when $1,000 was subscribed by the people of that community in attendance at the meeting last night. Five men gave $100 each. Committees were appointed and a thorough canvass of the community will be made for the other $1,000 for the building.

The contract for the building will be let this week and the work will start at once. The structure is to be completed by September 1, so that this year's school can be held there.

The school will have a three year high schol course this year. Mrs. Nettie Stuart is the principal of the school. Mrs. Maurine DeHart Husted has been employed as the other teacher.

The building will be donated free of charge to the school district, and will be used only for high school purposes.

An ice cream social was held in connection with the meeting. County Superintendent Bert Cooper, E. O. Harvey and W. A. Power, from Maryville, attended the meeting.

With Waterloo, Ia., Quota.

Ralph Jamison, who has been working for the Chicago Great Western at Kansas City since last April, arrived in Maryville today to visit his parents, Mr. and Mrs. Fred Jamison. Mr. Jamison and Mark Basford, who have been working for the Great Western at Waterloo, Ia., are to leave Monday with the boys from that town for Camp Pike, Ark.

BOY SCOUTS IN CAMP

SIXTY SCOUTS MADE THE HIKE OF 19 MILES IN FINE SHAPE.

CAMP NEAR SKIDMORE

The Maryville Troops Occupied Nine Tents—Ravenwood, Burlington Junction and Maitland There.

In Camp With the Nodaway Boy Scouts, July 16.—First call this morning found 100 scouts up, dressed and ready for their first day in camp, and after twenty minutes of setting up exercises, to ease up tired muscles after a strenuous day in hiking to camp and doing the work necessary to getting tents up and camp established, the cook and his assistants served their first breakfast.

Gen. Pershing's forces haven't a thing on the Boy Scouts when it comes to hiking and putting in a full day at hard work. The Maryville and Ravenwood troops arrived in camp at 2 o'clock Monday afternoon, after a hike of nineteen miles, as fresh almost, as when they started. "Why do we have to rest so often—let's get to camp?" greeted the Scoutmasters at every stop. With the exception of one scout, who developed a bad ankle, and had to be sent on in a car, the entire bunch of sixty scouts made the hike in fine shape.

The Burlington Junction and Maitlnad troops were the first to arrive in camp, reaching it about noon. On arrival of the Maryville troops, Scoutmaster A. M. Crooke, of Troop I, was made officer in charge, and within a short time the camp was laid out and tents were going up, everything being done on orders from headquarters.

The hospital tent, including the Red Cross equipment, the first to be erected, was doing business from the start. In cutting stakes for tents, a Burlington Junction scout had the misfortune in the foot. Troop Surgeon Floyd to let his ax slip, getting a bad cut Cook had him fixed up in first-class shape in a short time. Several cases of headache and stomache also called for first-aid treatment. Seven calls were made on the Red Cross department during the first afternoon.

A school of instruction was held last night, at which the scouts were told what would be expected of them and the rules of the camp were read and explained and the "order of the day" explained. Buglers are Wm. Gaugh, of Maryville, and Stanley Ferguson, of Burlington Junction. The boys have fallen in with the spirit of the camp, and barring a few, who had expected to swim and fiish all the time, every fellow is doing his part with a will.

Headquarters tent is equipped with a typewriter, stationery, scout literature, and officers in charge to look after every want. A deposit bank is kept at headquarters, where scouts may leave money or valuables to be taken care of. Mail is taken to post each morning at 9:30 and received at 10:30.

The honor of selecting a flag pole fell to the Maitland troop, and a flag raising ceremony followed the unfurling of the colors, in which the entire camp took part. In appreciation of the work of Scoutmaster A. M. Crooke, of Troop I, it was decided by officers and scouts to call the camp "Camp Crooke."

The camp is on a knoll overlooking the Nodaway river, and two long lines of tents about 100 feet apart form the main street. The Maryville troops are on one side, occupying nine tents, with Ravenwood, Burlington Junction and Maitland troops facing. The tents are decorated with scout patrol flags and other insigniia.

On first inspection Tuesday morning Ravenwood won the honor of raising and lowering the flag on Wednesday, their first tent and belongings proving up to the standard.

The first visitors are expected this evening with a bunch of thirty-five from Skidmore Wednesday evening, when another scout troop will be organized.

Following are the rules of the camp:

Camp Rules.

1. Obey the Scout law.
2. Answer all bugle calls instantly.
3. Co-operate. This is a co-operative camp. Get into things instead of getting out of them.
4. Profanity, roughhouse or rowdyism of any kind has no place in this camp, and will result in severe punish-

FOUR WILL LEAVE TONIGHT

Four Selective Service Men Leave Tonight for Jefferson Barracks at St. Louis.

Four selective service men will leave tonight at 9:20 on the Wabash for Jefferson Barracks, St. Louis. They are: Aloysius Gross, Maryville; Jesse Roy Deeson, Conception Junction; Homer E. Brummett, Parnell, and Elmer R. Thrasher, Barnard. Henry A. Goodson, of Graham, was to have gone in today's quota, but death called him at 3:15 this morning. The next draft quota will leave July 25.

H. GUARDS TO PLAY

THE TWO HOME GUARD PLATOONS TO MEET IN BALL GAME.

THE GAME NEXT MONDAY

The Dope Points to a Close Game—Lieut. Palfreyman and Abe Hoover Will Pilot the Two Teams.

Next Monday evening at 6:30 o'clock the first platoon of the Home Guards will meet the second platoon in a ball game. Lieut. Palfreyman will captain the first platoon, while "Abe" Hoover will pilot the second platoon. The first platoon has secured the valuable services of F. P. Reuillard as coach and are very optimistic about their chances for a decisive victory. On the other hand their opponents are so confident of the outcome that they have not even asked to be coached. At the present time the dope points to "Ty Cobb" Ellison as the individual star of the game. Ed Keck will chance his life and act as umpire for the occasion.

A collection will be taken at the game for the purpose of raising or augmenting the mess fund. The game will be held at the Normal diamond.

Phillip Roosevelt, a Cousin, Saw the Young American Aviator Fall a Victim to German Airmen.

Special to The Democrat-Forum.

London, July 17.—Lieut. Quentin Roosevelt, youngest son of former President Theodore Roosevelt, was shot down and killed on the Chateau Thierry sector, according to an Exchange Telegraph dispatch today. Phillip Roosevelt, cousin of Quentin, from his station in the trenches, saw the young American aviator fall a victim to the German air squadron.

Paris, July 17.—Lieut. Roosevelt was reported brought down in the German lines with his machine in flames. It was near Chateau Thierry.

Oyster Bay, July 17.—Colonel Roosevelt issued a statement, saying "Quentin's mother and I are very glad he got to the front and had a chance to render some service to the country to show the stuff there is in him before his fate befell him."

SERVICE FLAG IS DEDICATED

Large Crowd in Attendance at Exercises Held This Afternoon at the State Normal School.

The dedication of the service flag at the State Normal School was held in the auditorium of the building at three o'clock this afternoon. The flag was presented by President Ira Richardson and a speech of acceptance in behalf of the board of regents was given by W. A. Blagg, president of the board. Prof. Harry Miller gave a patriotic address. Songs by the school and a solo by Murice White of Guilford, a student of the school, closed the program.

The exercises were well attended as all of the stores of the city closed for one hour this afternoon to attend.

On account of the rain this morning the play day activities will be held in the auditorium of the building following the dedication exercises. Lunch will be served at six o'clock by county groups.

The drill that was to have been given by the Home Guards this evening has been called off.

NO BIG CHANGE IN BATTLE LINE

ARMIES SURGING BACKWARD AND FORWARD WITH ALLIES DISPUTING EVERY INCH OF GROUND.

BEGAN ANOTHER SERIES OF SAVAGE ASSAULTS

Throwing Forward Fresh Forces the Germans Made Attacks South Marne Last Night and North of St. Agnan and La Chapelle.

Paris, July 17.—The armies are surging backward and forward, with the allies disputing every inch of ground, they are compelled to yield. There have been no big changes in the battle lines the past twenty-four hours.

Paris, July 17.—Throwing forward fresh forces, the Germans began another series of savage assaults south of the Marne last night. Violent attacks were made against the heights north of Saint Agnan and La Chapelle. At one point the French line was penetrated a short distance and violent fighting is still in progress there, despite the use of fresh reserves and redoubled violence of these assaults. The Germans are everywhere being held in their battle positions along the fifty-mile front, and the third day found the tide of the battle raging most violently from Reims to positions south of the Marne. In that zone the Americans and French are withstanding the brunt of the renewed German blows. The struggle is marked by violence of the allies' counter attacks. So far six hundred thousand Germans have been thrown into the combat.

Paris, July 17.—With the Americans facing the foe alongside of the French in all vital sectors of the mighty Marne-Champagne battle front, the bloody struggle has continued with the allies delivering counter assaults just as savage as the lunges of the Germans. St. Agnan and La Chapelle, south of the Marne, and eastward of zone in which the Americans threw the Germans back to the northern bank of the river, have been cleared of Germans by a series of fierce counter attacks launched by the French and American reinforcements.

With the French Army in France, July 17.—Having met defeat in every effort to advance yesterday east of Reims, the Germans turned their attention toward pushing the advantage they had gained west of that city. Strong columns which crossed the Marne tried throughout the day to ascend the river on both banks toward Epernay. Their powerful dashes were met steadily by the French, who contested every foot of ground.

Battles proceeded simultaneously on the right and left banks of the river. The German line of advance appears to be Venteuil, on the northern bank and Oeuilly on the southern. The position was somewhat confused last night and it is difficult to tell where the opposing columns are.

London, July 17—German losses thus far in the new offensive on the Champagne front total 100,000, according to estimate of Central News today. Twenty-seven German divisions are now identified. The French have not lost a gun.

London, July 17.—Another successful minor operation was carried out in the sector Villers-Bretonneux, opposite Amiens, the war office reported today. The British made a raid in the Hulluch district.

MEMBER MISSOURI PRESS ASSOCIATION

FOR CONGRESS.

I hereby announce myself as a candidate for renomination as member of Congress from the Fourth Congressional District of Missouri, subject to the action of the Democratic primary August 6, 1918.

CHARLES F. BOOHER.

FOR PRESIDING JUDGE.

I hereby announce myself as a candidate for nomination as presiding judge, subject to the action of the Democratic primary August 6, 1918.

S. H. WILLIAMS.

FOR COUNTY JUDGE.

I hereby announce myself as a Democratic candidate for the nomination for presiding judge of the County Court, subject to the decision of voters at the primary to be held August 6 1918. W. M. BLACKFORD.

It is to be hoped that all the members f the President's cabinet will not develop a desire to be made "administrator" of something.

Is the present condition of Maryville's water supply to be blamed on the war or the President?

Now that General Hindenburg is dead, it may be just as well if he stays dead. We are going to smash his line pretty soon and he might not like to see it.

If the Kaiser would stop dropping bombs on hospitals and noncompatants long enough to take a sail over the corn and wheat fields of the United States, he would see the futility of all his miserable work.

It may be of interest to those young ladies, over the country, who are gambling with fate by marrying soldier boys on slight acquaintance, to know that the actual death rate is very small, and that the insurance provided by the government will not be paid in a lump sum, but in 240 installments, covering a period of twenty years.

President Wilson has vetoed the agricultural appropriation bill because it contained a provision increasing the basic rate for wheat to $2.40 per bushel. The President says that the present crop has been raised with the understanding that the rate would be $2.20; that the crop is already matured, and that a change in the price now would not increase the crop this year a single bushel. Representative Booher voted for the $2.40 rate, believing that the increase in freight rates justified a corresponding increase in the price to be allowed the grower of wheat.

Congress has decided to suspend active operations for a month and hold only short sessions every three days. The members have had a long, hard siege, and have well earned a short vacation during the hot weather. It can hardly be called a vacation, because most of them will be compelled to put in all their leave campaigning and renewing acquaintance with their constituents, but it will be a change. The life of a Congressman is not what it used to be. It is a continuous strain. They are always working at high tension with new problems being presented almost every day. It is a time for seasoned work horses, who are not excited by the noise of the cars and are not carried off their balance by exciting events.

The matter of electing a Congressman under present conditions is not merely a matter of distributing "pie" or passing around anything among the good fellows. It is a matter of hiring a man to represent you in Congress as you want to be represented. The hiring of a man, if you please, to fill an exceedingly important job can and will fill it without throwing any monkey wrenches into the machinery. The best recommendation a man can have is that he has been well tried and has always been found faithful to his trust. The good business man doesn't throw out a valuable and dependable employe just ofr the sake of trying out a new man.

The race for the nomination for United States Senator seems to be assuming interesting proportions. The Democratic opponents, and likewise the adherents of both former Governor Folk and Senator Wilfley should remember that the man who is nominated for the Senate in August is yet to be elected in November. The vigor with which some of the friends of each candidate have been assailing the opposing candidate, is not helpful to disinterested voters, who would like to weigh the merits of each man from an honest and unprejudiced standpoint before casting their ballots. The Democrat-Forum knows enough of both these men to say that both are able, clean and honorable gentlemen. Both are American all the way through and both have been supporting the war and the administration to the best of their abilities. Let each one call off the muddaubers and go ahead and present his own claims and the voters will do the rest. Any other course is unfair to the party and suicidal, if continued.

142 FOR "OLD GLORY"

Service Flag Unfurled This Afternoon Contained 137 Stars as Normal's Number in Service.

The service flag unfurled on the Normal school campus this afternoon, containing 142 stars, bears splendid testimony to the loyalty and devotion of the students, former students, and alumni of the State Normal School. This large number of students in khaki is what one would expect from the institution, as it is an established fact that there is a larger percentage of students from the colleges, universities and normal schools in the service than have come from any other class or institution. The students of yesterday are the soldiers of today. The athlete who last year on the football field battered his way through the opposing eleven is today "going over the top" in France.

Following is the honor roll of the Maryville Normal School, containing a list of 137 names:

Captain Hershel M. Colbert, U. S. A.; Lieut. Orlo Quinn, U. S. A.; Lieut. H. G. Dunshee, U. S. A.; Eugene Bird, U. S. A.; Sergt. L. M. Eek, U. S. A.; Earl Brittain, U. S. A.; A. M. Burch, U. S. Soldier's Letters

FRANCE, THE BEAUTIFUL.

Ray Foland Writes That France is Old-Fashioned, But He Likes It.

Ray Foland writes the following letter to his mother, Mrs. E. O. Foland, telling of the life and beauty of France:

Somewhere in France,
June 17, 1918.

Dear Mother:

At last I guess we are settled for awhile—no definite time. We are quartered very comfortably in billets near Angers City. The batteries are split up and quartered around in different places, whereever a barn or other suitable building can be found. The Medical detachment is split up and placed around with the batteries wherever they are. I and two more are with Battery B, my favorite battery. We have the hospital in a room in a barn and we sleep in the loft. It is a cement barn with cement floor, so you see we are really quartered better than when in tents in our old camp there.

The lady who owns the place where we are is a great old dear, sure treats us fine. She has lost her husband and son at the front. She just brought me a big handful of cherries. They sure taste good.

Everything is quite old-fashioned here, but very interesting. We are very far from any Y. M. C. A., but guess we can get along without it.

Everything here is flowers. American beauty roses, that would cost us $10 or $12 a dozen at home, grow in full bloom at every turn of the road, in fence corners, in gardens, and in back yards. Great big, beautiful ones, much larger than we see in America. They gather them for perfume, also sell the seeds. Pansies, sweetpeas, poppies and many other flowers are grown in great gardens of nothing else.

I have a little 12-year-old girl trying to teach me French, but I am afraid it is too deep for me.

Close to us is a dandy river, full of fish, and every time we boys can, we are off for a fishing trip.

I haven't received any mail since leaving the states. I hope you haven't put off writing until you heard from me. If so, I won't have any mail for several days.

I did not get to see London while in England; was at (censored). Have been at (censored) France. Don't know whether I will get to see Paris soon or not.

With much love to all.

RAY,
129th F. A Med Detach., A. E. F., via New York.

"THE SHEPHERD OF THE HILLS"

A Good Crowd Attended the Show Last Night—A Big Feature Tonight.

Last night at the big tent Dubinsky Bros. Stock Company played "Buried Alive" before a large audience. The play was filled with comedy and the characters were well portrayed. Tonight a dramatization of Harold Bell Wright's novel, "The Shepherd of the Hills," will be given. "The Shepherd of the Hills" is one of the most talked of novels of this age and the play should draw a large audience.

Celebrated Birthdays Together.

It has been the custom for a number of years for Mr. Geo. W. and Chas. Stafford to celebrate their birthdays together with W. O. and Chas. Garrett with a picnic dinner and family reunion. The Messrs. Stafford, while not twins, their birthdays occur the same day and within a few days of the Garrett brothers.

This year they hied themselves to "Redmond Place," the beautiful country home of Mr. and Mrs. Henry McComb, where a picnic dinner was served cafeteria style from one long table under the trees. In the evening before the guests departed they assembled on the lawn, where a group picture was taken by Miss Hazel McComb and will be given each guest present as a souvenir of the day. The Messrs. Garrett and Stafford refused to state their age further than to say they did not have to register in the draft.

The following guests were present: Mr. and Mrs. W. O. Garrett, Mr. and Mrs. Geo. Stafford, Mr. and Mrs. Chas. Garrett, Mr. and Mrs. Chas. Stafford, Mr. and Mrs. Bige Lawson, Mr. and Mrs. Sorenus Jensen, Mr. and Mrs. Gus Shell, Mr. and Mrs. Ed Bolen, Mrs. Rachael Lawson, Mr. J. L. BOY SCOUTS IN CAMP

(Continued from first page.)

ment. No firearms allowed in camp.

5. Use the latrine exclusively and obey the order posted there with reference to throwing earth in the pit afterward. Failure to do so will result in punishment.

6. Commit no nuisance in or about the camp. To do so will result in being given demerits, or punishment.

7. Failure to answer any roll call will result in punishment, either being given demerits or given double grub duty.

8. Throw waste paper and all other lititer that will not attract flies in the waste box at the corner of the mess tent.

9. The honor of raising and lowering the flag the following day will be awarded each day to a member of the squad whose tent wins the highest mark of inspection. Members of the successful squad may select the scout to have the honor.

10. Use your own drinking cup. Drink water only at the place designated. At meals drink water in preference to coffee or tea; it is better for you.

11. Boisterous behavior and loud talk at mess will not be tolerated. Be mannerly and insure the pleasure of meals by all.

12. Report at once to headquarters any sickness or ailment, especially after taps.

13. Quiet must be maintained from taps at night until first call in the morning.

14. Patrol leaders will deposit all mail at headquarters at officers' meeting at 8:45 a. m.

15. Report lost articles and make any requests or complaints at first assembly, at 8:30 a. m.

16. No trumpet calls, and no music by drum and bugle corps, except as ordered or specified, will be allowed.

17. The order of the day is the program of the camp. No one will be excused unless sick.

18. Enjoy yourself. That's what we're here for.

OFFICER IN CHARGE.

WOMAN'S DEVOTION TO HOME.

Home duties to many women appear more important than health. No matter how ill they feel, they drag themselves through their daily tasks, overdo and pay the penalty in headaches, backache, dragging-down pains and nervousness; they become irritable, and finally discover that some form of female complaint has fastened itself upon them. When a woman gets into this condition there is one tried and true remedy made from the roots and herbs of the field, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has continued its great work among women in restoring health after many other remedies have failed. —Adv.

OBITUARY.

While putting hay in a barn, near his home, six miles southeast of Graham, Mo., last Thursday, John Fultz was severely injured when a hay fork fell striking him on the right arm. Medical skill was unable to prevent blood poison, and from which he died at Ensworth hospital, Sunday morning.

John, son of Mr. and Mrs. Peter Fultz, was born in Washington county, Ind., February 6, 1883, and passed away at St. Joseph, Mo., July 14, 1918, aged 35 years, 5 months and 8 days. He came to Missouri about eight years ago, locating in this section of the state.

July 5, 1902, he was married to Bessie Jane Mills, at Mt. Vernon, Ind., and this union was blessed with seven children, one dying in infancy, and five boys and one girl are living.

Besides his wife and children, there lives to mourn his death, his parents, of Holt county; two sisters, Mrs. Winnie Brickey, Holt county; Mrs. C. Jones, Nodaway county, and one brother, of Forbes, Mo.

Deceased was a member of Woodmen of the World, and this order had charge of the funeral services at the grave. Although not a member, yet he held to the teachings of the Christian church.

Funeral services were held at Graham M. E. church Tuesday, July 16, at 2 p. m., in charge of Elder Harlan, and the body was buried at Maitland, Missouri.

Mr. and Mrs. T. A. Corken of Burlington Junction were host and hostess at a 6 o'clock dinner party Monday evening at their home in honor of Miss Edith Christie of Kirksville, formerly of Maryville. Republic Truck Power
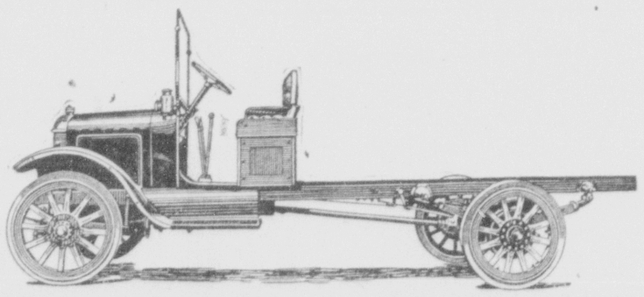
Means
Additional Farm Profits

POWER for all your farm hauling—capacity for your big loads—speed in getting back and forth—these more than ever will determine your farm profits this year. You cannot afford the old or ordinary makeshifts when you can have Republic TRUCKS—big, husky, built for unusal strain with the additional advantage of THE POWER BEHIND—that is the INTERNAL GEAR DRIVE.



There is a Republic for every DEMAND — with the sturdy, rugged Republic construction and the Republic-Torbensen Internal Gear Drive that transmits the utmost power to the road wheels.

FARM BODIES

We furnish any kind of farm body—also hoist, gravity or elevating dump. Trucks can be equipped with cattle or hogs racks.

INTERNAL GEAR DRIVE

The cut below illustrate the Republic-Torbensen Internal Gear Drive used in Republic Trucks. A section of the rear axle construction, and one of the road wheels are shown. In front of the differential you see the massive drop-forged I-beam dead axle which carries the entire load and takes care of the side sway and road shock. Back of this is the nickel steel drive shaft. Its sole work is to drive the truck—to move the load. The pinion on the end of the drive shaft is meshed in the internal gear on each rear road wheel, between the hub and the rim, insuring the greatest leverage, more power on less fuel.

Every buyer gets a Gold Bond Guarantee covering the I-Beam Axle and Spindles for the life of the truck, and the internal gears for two years.
